Delphi Academy of Los Angeles

Summer Camp 2017 (see calendar on reverse)

DAILY SCHEDULE 9AM TO 4PM

EARLY DROP OFF STARTING AT 8AM, LATE PICK-UP UNTIL 5:30PM

Lower School, Grades K-3rd

Sports Week (Week 1, June 19-23)

Get ready for an active week, exploring a variety of different sports and learning how to maintain a fit body. Students will also get to take part in a sports competition and go for the gold, with “closing ceremonies” and medals on Friday!

Explorers Week (Week 2, June 27-30)

Become a world explorer, seek out exotic, foreign locations and learn to develop a better understanding, love and appreciation for many different cultures around the world. Learn about maps and take part in fun map activities! Then get ready for the Explorers Fair at the end of the week to show off what you have learned!

On-Campus “Field Trip” - Orienteering Activities

Art Week (Week 3, July 3-7)

Students will explore the world of art (including music and dance) in this colorful week full of creativity and inspiration. Students will be able to create through a wide variety of media and subjects. They will show off their creations at the end of the week with individual art galleries in each classroom!

Outer Space Week (Week 4, July 10-14)

To infinity and beyond... This week, the children will learn about the solar system, the planets, outer space, space travel, and so much more. Exciting guest presenters will help bring outer space to us! Rockets, astronauts, galaxies, the Space Program... to infinity and beyond!

Field Trip: California Science Center*

Outdoor Fun (Week 5, July 17-21)

How many ways can you learn, grow and have fun outdoors? This fun-filled week will provide the children with many opportunities to build their interest in outdoor life and activities. Make ice cream, fly a kite, enjoy a picnic and games at the local park, learn to whittle... oh my!

Field Trip: Lake View Terrace Recreation Center*

Fun on the Farm (Week 6, July 24-28)

In this fun and educational week, the children will learn where our food comes from, how it is grown, and participate in various farm activities and experiments that will give them practical agriculture experience.

Field Trip: The Gentle Barn (rescue farm animals)*

Tinkering (Week 7, July 31-Aug 4)

Tinkering is all about playing, exploring, experimenting and setting imaginations on fire. Students will be encouraged to unleash their creative genius using a variety of materials and activities in this fun week of tinkering!

On-campus “Field Trip”: Tinkering Workshop with re-Discover Center

Animal Week (Week 8, August 7-11)

Learn about animals of the land and sea, and animals of long ago. Enjoy a wonderful book, *Libby Lights the Way*, and then meet Libby and the lady who wrote the book about her! Meet special horse and the people who train them! Learn why animals are important to us and to Planet Earth!

Field Trip: Natural History Museum*

Spy Week (Week 9, August 14-18)

Learn how to solve mysteries, make secret maps, find out “Who done it?”, make a secret language while you learn about coding and decoding, and go on Treasure Hunts in this fun week of mystery and problem-solving!

On-Campus “Field Trip”: Treasure Hunt*

Water Play every Monday afternoon!

Elementary through High School, Grades 4-12

Fun Weekly Workshops PLUS Academic Enrichment!

Each morning, students will have the opportunity to take an optional morning sports class, and then an academic study period until noon. Use this academic time to:

- get ahead on academics
- do extra courses, especially fun Science curriculum!
- get help with a problem subject
- sharpen study skills, and more!

Each afternoon, choose two different workshops (“A” from 12:45-2:15 and “B” from 2:30-4:00).

These workshops are delivered on a rotating basis, some only once or twice during the summer, and others will be delivered almost every week. Most workshops have limited space and will be filled on a first-come, first-served, basis. Once at capacity, it will be closed. Any workshops with insufficient enrollment will be cancelled, and students will be able to choose a different workshop that week.

- Academics—offered every morning from 9:00 until noon. Use this time to learn and sharpen study skills, improve in math, get ahead in reading, tackle chemistry, or even get a head start on the fall term. Additional courses offered are special, Delphi-only courses. If interested, the full list and course description is available on request.
- Art—A variety of art classes will be delivered throughout the summer. There will be at least one choice each week. Some of the offerings are:
 - ◊ Sculpture, Watercolor Painting, Calligraphy
- Cooking—may choose “A” or “B” periods, not both.
- Quilting, all hand-sewing
- Lego League Robotics
- Woodshop
- Maker Class (unleash your imagination!)
- DIY Accessories
- Jewelry Making
- Codes and Cyphers (secret messages!)
- Shadow Puppet Theater (2-week class)
- Mani/Pedi (learn to do your own manicures and pedicures)

Sports Camps

Soccer Camps — 9-10:30 a.m. during Week 4 (July 9-13) and Week 7 (July 31-Aug 4). Students will be able to practice and hone basic skills, and play scrimmages to work on team and individual skills.

Basketball Camp — 9-10:30 a.m. during Week 8 (August 7-11). Students will learn plays and take part in learning drills to fine tune their skills on the court. Those skills will be tested in daily scrimmages.

Volleyball Camp — 9-10:30 a.m. during Week 9 (August 14-18). Students will learn the fine art of bump, set spike... Need we say more?

Off-Campus Field Trips

These off-campus trips are optional and require an additional fee, ranging from \$25 to \$50 each. Sign up and pay at least one week in advance.

- June 30 - Beach Trip
- July 21 - IMAX Theater and California Science Center
- August 4 - Bowling
- August 18 - Hurricane Harbor

* All trips are subject to change.
